

MotherEarth™

Wasp & Hornet Jet Spray

BASF introduces a new pressurized jet spray for quick kill of Wasp and Hornets.

MotherEarth Wasp & Hornet Jet Spray instantly knocks down wasps and hornets for easy treatment of nests. The special jet spray actuator allows treatment from up to 10 ft. away. It's active ingredient, d-Limonene, comes directly from oranges and other citrus peels and is also featured in MotherEarth ProCitra-DL™.

d-Limonene is an organic chemical found in citrus and other fruits, vegetables, meats and spices and is used as an additive in a variety of foods, beverages, soaps and perfumes.

Beneficial features for both you and your customers

- Beneficial features for both you and your customers
- Active ingredient is d-Limonene, a botanical insecticide
- Specially formulated to provide quick knockdown of wasps and hornets
- Spray can travel 10 ft. to provide applicator safety
- High dielectric rating
- Pleasant citrus odor

Effective against a wide variety of pests

- Bees
- Hornets
- Spiders (excluding Black Widow and Brown Recluse)
- Yellowjackets
- Wasps

Application tips

Wasps and Hornets: (1) Hold container in an upright position and stand at a safe distance (6-10 ft.) from the nest (2) Avoid standing directly under the nest (3) Treat nest until thoroughly wet • Best time of day to treat is evening or early morning • Do not apply to pets or contaminate food, dishes or utensils

Yellowjackets and Bees: (1) Locate underground nest (2) Treat with a sweeping motion any insects around the nest opening (3) Then, move forward and apply product directly into the nest opening for 10 seconds

- Product specifications
- Active ingredient: 10% d-Limonene
 - Signal Word: CAUTION
 - Size: 14 oz. x 6 per case
 - EPA #499-519
