

## Pest Management Professionals use Professional Pest Management Equipment

### Leaves Nothing Behind

Removes allergens such as cast skins, fecal material, dead and live specimens.

### Environmentally Safe

No chemicals for better air quality.

### More Versatile

Used to control a wide range of pests including bed bugs, spiders, cockroaches, wasps, box elder bugs and more.

### Immediate Results

Instantly capture pests.

### Sierra

WATTS	AMPS	CFM	STATIC LIFT	WEIGHT	dB	FOUR LEVEL FILTRATION
859	7.5	124	75"	10 lbs.	68	701 sq. in.

### Backpack Features

- Powerful suction, combined with high-level filtration enables the user to clean more effectively and in less time by capturing and containing pest and the waste they leave behind.
- HEPA filter works in concert with ProTeam's advanced Four Level Filtration system (including organically treated Intercept Micro Filters) to capture 99.97% of airborne particles .3 micron or larger.
- IPM Tool Kit provides all the necessary tools to reach those hard to reach areas and specific applications.
- Vibrating Upholstery Tool is very effective at eliminating bed bugs and the eggs they leave behind on mattresses. The vibrating action and vacuum suction combined helps lift and remove bed bugs and dust mites that have attached to the mattress fibers.

Each ProTeam No-Spray Pest Control System comes complete with all the tools you need to eliminate pests and the waste they leave behind.

### 103439 Integrated Pest Management Tool Kit:

- 106526 HEPA Dome Filter
- 102172 Adjustable Angle Adapter
- 102361 Black Plastic Straight Wand, 17-9/16"
- 102659 Long Duster Brush
- 102663 Black Mesh Bag
- 102684 Electronic Equipment Cleaning Kit
- 103086 13" Crevice Tool
- 103087 5.5" Upholstery Tool
- 106343 Telescoping Wand
- 106709 Multi-Surface Floor Tool
- 103089 Swivel Dust Brush Tool
- 103099 Cuff Adapter
- 103505 Curved Wand
- 103523 24" Flexi-Clean Crevice Tool
- 102399 Vibrating Upholstery Tool
